

What is WIC?

WIC is a federally funded nutrition program for Women, Infants, and Children. WIC provides the following at no cost: healthy foods, nutrition education and counseling, breastfeeding support, and referrals for health care.

The local WIC office will give you a date and time for a WIC certification visit. At this visit, the household income and the medical/nutrition status of each applicant will be reviewed. On that day, you will find out if you and your children are eligible for WIC.
